

# NETHERLANDS PHILATELY

Cumulative Index by Subject Matter

Volumes 1 through 17

1975 - 1993

by Larry H. Rehm

In this index, an effort has been made to include all specific subjects published in the Journal. Not listed are items of a general or editorial nature, which are occasionally found throughout the Journal.

In order to facilitate grouping in this listing, it was necessary to alter the wording of some titles, to convey more accurately the subject covered. In addition, many smaller articles may have had no titles originally.

In the interest of brevity, the initials of frequent contributors, rather than their full names, are often used.

These are:

FHAR	–	Frans H.A. Rummens
FLR	–	Fred L. Reed
FWJ	–	Frank W. Julsen
LHR	–	Laurence H. Rehm
MH	–	MardJohan Hardjasudarma
PvR	–	Paul van Reyen
WvZ	–	Willem van Zandvoort

Two other important abbreviations are:

IFC	–	Inside Front cover
IRC	–	Inside Rear cover
